

6th June 2017

Dear Customer,

I would like to thank you for your support of Tri-Sure's products and services in the Netherlands and Belgium. Without your partnership, we would not have the opportunity to participate in this dynamic and challenging market. As you may already be aware, Tri-Sure's rapid global growth has resulted in a re-evaluation of our supply chain to best serve the global industrial packaging market, which has evolved significantly in recent years.

To better serve customers, we have decided to work closely with a distributor in the region alongside our move to a European Distribution center. This change will occur in July and will allow us to service and supply orders in a timely fashion.

We have selected Bark Verpakkingen B.V. based in Eerbeek, The Netherlands to be our partner going forward. They will hold stock of a range of Tri-Sure Products and are also able to offer their own range of industrial items which complement Tri-Sure products.

As a customer you should see no change in prices and service levels in the region. As a team, we aim to ensure continuous supply of the very best packaging accessories as we transition to this new supply arrangement. Please find below contact details for:

Bark Verpakkingen B.V.
